

ENVIRONMENT POLICY

We at MKCL shall ensure compliance with applicable legislations and regulations concerning environment protection.

We at MKCL shall promote environmental awareness throughout all operations of the Company.

We at MKCL shall Raise awareness amongst the employees and in the society about the environment.

We at MKCL shall Regularly review its business practices and determine whether each practice is suitable in an environmental context.

We at MKCL shall Strive to better understand both the direct and indirect impact that our practices may have on the environment.

We at MKCL shall Work towards the conservation of energy, water and other natural resources in all its operations.

We at MKCL shall Improve its working environment by gradual greening of business processes and services, or purchased technologies, and active protection of the environment and its components.

We at MKCL shall Develop, use new technologies, focus on devices with maximum energy efficiency and assess potential impact of these facilities on the environment.

We at MKCL shall Lessen environmental impact by preferably purchasing environment-friendly products and services.

We at MKCL shall Promote waste reduction and environmental preservation activities to help mitigate and adapt to climate change.

We at MKCL shall Dispose-off waste and scrap thoughtfully and develop an attitude of "reducing consumption of natural resources, recycling and reusing."

We at MKCL shall Ensure continuous safe handling of waste at points of waste collection and management.
